Application

Ceiling

Acoustic Performance

NRC rating up to 1.10

Fire Rating

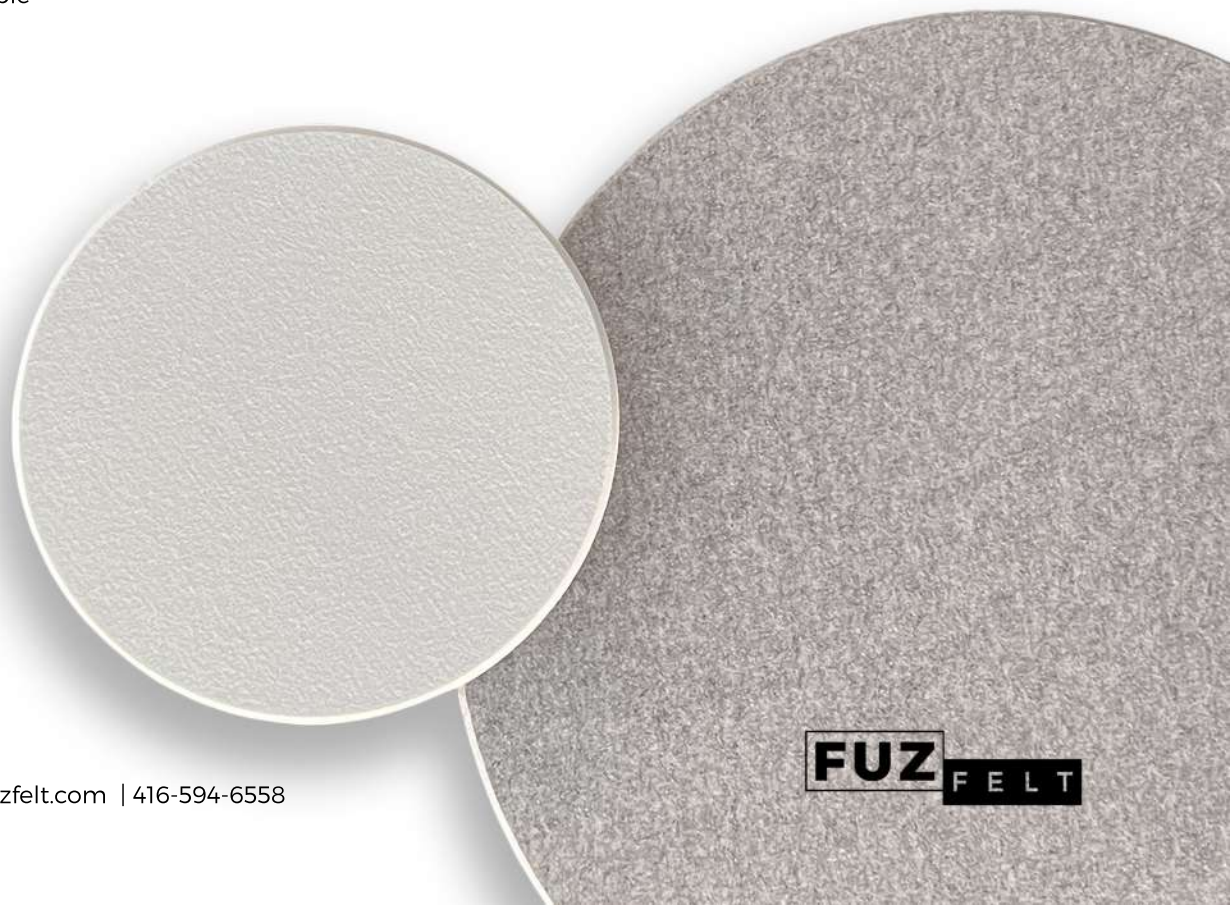

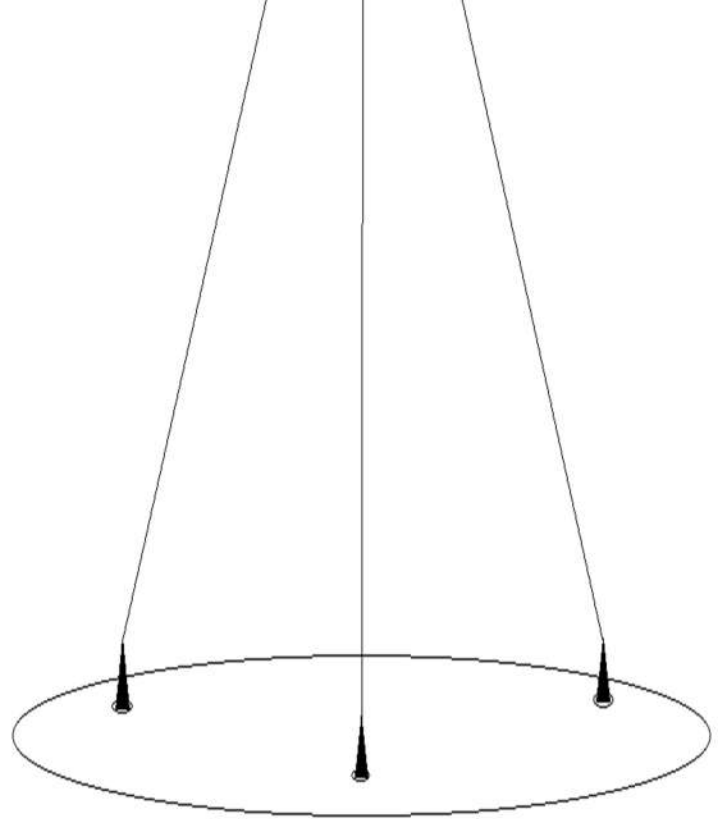

ASTM E-84 - Class A

Maintenance

Vacuum to remove general air-borne debris

Installation

Suspension clips & cable

Elliptic Clouds

FUZ Elliptic clouds offer a visually stunning solution for improving sound quality in any space. These clouds, made from recycled PET, are carefully crafted to absorb excess noise and create a more comfortable listening environment. With their smooth, curved edges and supple texture, they bring a touch of elegance and sophistication to any room. Hanging from delicate, yet strong, aircraft cables, they delicately drape from the ceiling like clusters of sound-absorbing clouds. FUZ Elliptic Clouds come in a variety of colors, from neutral hues to bold, vibrant shades, allowing you to choose the one that perfectly matches your decor.

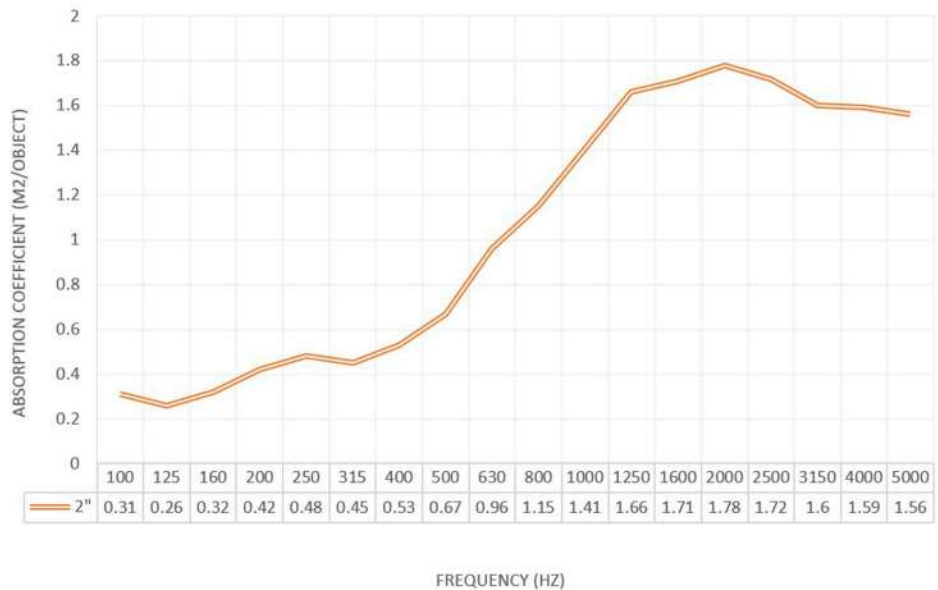

Acoustic Performance

- NRC 1.03
- SAA 1.01

Refer to the ASTM C423 chart for individual values of Absorption coefficients/frequency.

NRC ratings are subject to various circumstances such as mounting conditions and analytical properties.
